

Student Achievers (2016-2017)

At the Indian Institute of Information Technology, Design and Manufacturing, Kancheepuram, we strongly believe that the only limit to your achievements is the reach of your dreams and your willingness to work for them. Our fellow IITians have always been big dreamers and their perseverance and hard work along with the guidance and support from their professors have helped them turn their dreams into reality. This time as well, our alumni have entered into some of the world's best universities for higher studies and are continuing the pursuit of their passions. Institutions like The University of Edinburgh in U.K, TU Delft, Delft in Netherlands, The University of Colorado, University of Texas, Georgia Tech in the U.S. and many of the prestigious IIMs and IITs have welcomed our students into their communities. A dream doesn't become reality through magic, but through sweat, determination, hard work and most importantly, love for what you are doing or learning to do. Congratulations to all the students for their hard work and success.
