

IEEE Women in Engineering (WIE) Student Branch Affinity Group Organizes

One day Workshop on Open Source Resourcing Tools

(Physical Mode)

4th March, 2023

in association with

Advanced Signal and Image Processing (ASIP) Lab,
Department of Electronics & Communication Engineering
Indian Institute of Information Technology, Design
and Manufacturing, Kancheepuram

About IIITDM Kancheepuram

The workshop will be organized by the Department of Electronics and Communication Engineering, Indian Institute of Information Technology Design & Manufacturing (IIITDM Kancheepuram), Chennai. It is a Centre of Excellence for technical education and research established in 2007 by the Ministry of Human Resource Development, Government of India. To pursue design and manufacturing-oriented engineering education and research and for promoting the competitive advantage of Indian products in global markets. The institute is located on a 51-acre campus on the outskirts of Chennai, off Vandalur-Kelambakkam road. The Institute is presently offering UG, PG, and Ph.D. programs in Computer Engineering, Electronics and Communication Engineering, and Mechanical Engineering

About Women In Engineering (WIE)

IEEE Women in Engineering (WIE) is a global network of IEEE members and volunteers dedicated to promoting women engineers and scientists, and inspiring girls around the world to follow their academic interests in a career in engineering and science. The goal is to facilitate the recruitment and retention of women in technical disciplines globally.

About the Workshop

The motivation of the workshop "Open Source Resourcing Tools " is to enlighten the participants with open-source tools like Latex, Mendeley and others to facilitate report writing, presentations, document creation and research articles. The key topics to be covered are:
